WINDOW CLEANER

2-Butoxyethanol
Sodium Borate
Ammonium Hydroxide
Glycol Ethers
Propylene Glycol Methyl Ether
Ethanolamine
Dipropylene Glycol Methyl Ether
Phosphates
Sodium Lauryl Sulfate
Dipropylene Glycol Butyl Ether

LAUNDRY CLEANER

Sodium Borate
Sodium Hypochlorite
Methylisothiazolinone
Sodium Polyacrylate
Alcohol Ethoxylates (C12-15)
Sodium Metasilicate
Tetrasodium EDTA
Formaldehyde
Ethanolamine
Boric Acid

FURNITURE CLEANER

Methylisothiazolinone
Nitrobenzene
Naphtha (Petroleum) Light
Alkylate
Petroleum Distillates
Mineral Spirits

Tetrachloroethylene
Carbon Dioxide
Mineral Oil
Cyclotetrasiloxane
Triethanolamine

FLOOR CLEANER

Petroleum Distillates
2-Butoxyethanol
Dipropylene Glycol Methyl Ether
Methylchlorisothiazolinone
Nonoxynol-12
Methanol
Mineral Spirits
Glutaral
Acrylic Acid
Glycol Ethers

KITCHEN CLEANER

2-Butoxyethanol
Diethanolamine
Sulfuric Acid
Sodium Borate
Glutaral

Symclosene
Formaldehyde
Sodium Perborate
Glycol Ethers
Ammonium Hydroxide

HAIR & BODY CLEANER

Coal Tar
Oxybenzone
Propylparaben
Cocamide DEA
DMDM Hydantoin

Benzyl Salicylate
Butyl Paraben
Acrylonitrile
Coumarin
Petrolatum

TOOTHPASTE

Propylparaben
Silica
Triclosan
Butylparaben
Cocamidopropyl Betaine

Sodium Fluoride
Sodium Borate
Cholecalciferol
Kojic Acid
Titanium Dioxide

DEODORANT

Triclosan
Hydroxycitronellal
Aluminum
Coumarin
Benzyl Benzoate

Propylene Glycol
Isobutane
Butane
Silica
BHT

BATHROOM CLEANER

1,3-Dichloro-5-Ethyl-5-Methylhydantoin
Sodium Borate
Sodium Hypochlorite
Didecylmethylammonium Chloride
Boric Acid

Alkyl Dimethyl Benzyl Ammonium Chlorides (C12-16)
Sodium Hydroxide
Aluminum Powder
Glyoxal
Lauryl Pyrrolidone

CLEANING SOAP/SANITIZER

Methylchlorisothiazolinone
Fragrance
DMDM Hydantoin
Triclosan
Cocamide DEA

Lilial
2-Bromo-2-Nitropropane-1,3-Diol
Methylisothiazolinone
Propylene Glycol
Propylparaben

INGREDIENTS IN LEADING HOUSEHOLD BRANDS CAN CAUSE

HEALTH RISKS

DID YOU KNOW?

There are over **80,000** chemicals in use in the US alone, thousands of which are banned overseas. Of those, only a very small percentage of those chemicals are regulated at all. Leading third party research directly links these chemicals in the products we use everyday with serious concerns and health risks.*

PROTECT YOUR FAMILY. PROTECT YOUR HOME.
